# PROFESSIONAL SUMMARY

Creative and detail-oriented **Graphic Designer** with strong expertise in Brand Identity Design, Packaging Design, Marketing Visual Communication, and UI/UX Design. Experienced in developing complete visual systems from concept to final execution for digital and print platforms. Skilled in Adobe Creative Suite and Figma, with a strong understanding of branding strategy, typography, layout systems, color theory, and print production standards. Capable of managing multiple design projects while ensuring brand consistency and high-quality visual output.

# PROFESSIONAL EXPERIENCE

## Graphics Designer:

• **Designed** and developed complete brand identity systems, including logos, typography hierarchies, color palettes, brand guidelines, and scalable visual assets.
• **Created** wine label designs and packaging concepts aligned with product positioning and market differentiation strategies.
• **Prepared** professional print-ready production files (CMYK setup, bleed, dielines, trim marks) ensuring high-quality printing results.
• **Developed** advertising materials such as promotional posters, banners, brochures, flyers, and large-format visuals.
• **Designed** engaging social media graphics and paid advertisement creatives optimized for Facebook, Instagram, and digital marketing platforms.
• **Created marketing** campaign visuals that supported brand awareness, audience engagement, and conversion goals.
• **Performed** advanced photo retouching including skin correction, color grading, lighting adjustments, compositing, and background manipulation.
• **Designed UI/UX** layouts, landing pages, mobile interface concepts, and wireframes using Figma and Adobe XD.
• **Built component-based design** systems in Figma to maintain consistency across digital products.
• **Adapted** visual materials across multiple platforms (web, print, outdoor, social media) while maintaining brand integrity.
• **Managed** full design lifecycle: research, concept development, moodboards, sketching, digital execution, revisions, and final delivery.
• **Communicated** directly with clients to understand business objectives and translate them into effective visual solutions.
• **Maintained** up-to-date knowledge of design trends, typography standards, and modern branding approaches.
